

ST. MARYS RIVER REMEDIAL ACTION PLAN NEWSLETTER

September, 2025

Get Ready To Be Involved

LET'S WELCOME FALL

As the leaves begin to turn and the river reflects the golden hues of autumn, we're entering a season of reflection, renewal, and community connection. The Remedial Action Plan (RAP) continues to guide restoration efforts along the St. Marys River, and we're excited to share what's ahead.

OPEN HOUSE COMING SOON

We're planning a Fall Open House to celebrate progress, share updates, and connect with our community. Expect interactive displays and conversations, local art, and opportunities to learn more about the remaining Beneficial Use Impairments (BUIs) and how you can get involved. Date and location to be announced soon, so stay tuned!

FALL MINI CHALLENGE

Check out the following page for an interactive mini eco challenge! This is the first challenge in our new series.

ST. MARYS RIVER REMEDIAL ACTION PLAN NEWSLETTER

September, 2025

Our first mini challenge is to pick up 5 pieces of litter near a waterfront. Whether you're walking along the boardwalk, visiting Bellevue Park, or exploring a quiet shoreline, every bit of trash removed helps protect local wildlife and keeps our river beautiful.

Snap a photo or video, tag us on social media, or use the hashtag [#RAPMiniChallenge](#) to show your impact and inspire others to join in. It's a small act of stewardship that ripples, and because when we care for the river, we care for our community.

We acknowledge that we are gathering on the traditional territory of the Anishinaabe Peoples, including the Ojibwe of the Garden River and Batchewana First Nations. This land is part of the Robinson-Huron Treaty and has been home to Indigenous Peoples since time immemorial. We honour their enduring connection to the land, water, and all living things.

Follow us on Instagram and Facebook for weekly updates, Wild Wednesday species spotlights, and behind-the-scenes looks at restoration work.

Do you have a river memory or old photo? We're collecting historical images to help tell the story of the St. Marys, especially those showing environmental changes over time. Email us at stmarysriverrap@gmail.com or message us directly to contribute.

Thank you for being part of this journey. Let's keep the momentum going this fall!
